

AKSHAR
MINING SERVICES LIMITED

COMPANY PROFILE

About Us

Akshar Mining Services Limited (AMSL) is a professional contract mining and mining supplies company headquartered in Dar es Salaam, Tanzania, specializing in providing end-to-end mining solutions across East Africa. With a strong reputation built on operational excellence, reliability, and adherence to safety, AMSL has positioned itself as a trusted partner for mining houses and industrial clients.

Our philosophy is simple: “Productivity with Responsibility.” We combine modern machinery, skilled manpower, and strict adherence to Health, Safety, and Environmental (HSE) standards to deliver results without compromising sustainability or community welfare

OUR MISSION & VISION

MISSION

To be the mining solutions supplier of choice in Africa by consistently delivering safe, efficient, and sustainable solutions.

VISION

To play a pivotal role in developing Africa's mining industry while maintaining a reputation for excellence and integrity.

CORE VALUES

Safety • Integrity • Efficiency • Sustainability • Collaboration

KEY HIGHLIGHTS

- Over [10+] years of cumulative mining and equipment management experience
- [4+] major projects successfully executed in Tanzania and neighboring countries
- Modern fleet of Komatsu, CAT, Tata Hitachi, JCB, SEM, and SANY machines
- Workforce of [200+] skilled professionals, including certified operators and engineers
- [90%] equipment availability rate, among the highest in the industry
- Recognized for strong HSE culture with zero LTI (Lost Time Injury) record on major projects
- Fully licensed and registered contractor with OSHA compliance and certification license
- Advanced fleet monitoring through systems like KOMTRAX and in-house tracking tools

AKSHAR
MINING SERVICES LIMITED

Services Offered

Mine Planning & Design Support

- Drilling & Blasting
- Load & Haul Operations
- Crushing & Screening
- Grade Control & Ore Handling
- Overburden Removal & Waste Management
- Mine Infrastructure Development
- Equipment Rental & Support Services (optional)

Services Offered

Mining Procurement Solutions - Drilling & Blasting

- Electrical & Automation Components
- Mechanical & Mobile Equipment Parts
- Mining & Processing Chemicals
- Speciality Processing Plant Equipment & Spares

Procurement & Supply Excellence

Comprehensive Mining Procurement Solutions

Akshar Mining Services Limited (AMSL) provides end-to-end procurement solutions for mining operations across East Africa. We specialize in technical sourcing, global vendor development, cost optimization, and delivery reliability for critical mining materials. Our deep understanding of mine operations ensures that every product supplied meets stringent technical standards, OEM compatibility, and operational safety requirements.

Expertise in Electrical, Mechanical & Chemical Supplies

We have curated a trusted network of global manufacturers, distributors, and authorized dealers for mission-critical mining supplies. Our portfolio includes, but is not limited to:

Electrical & Automation Components

- Low and medium-voltage cables, switchgear panels, relays & MCC components
- PLC and control sensors, VFD drive units, safety isolators
- Explosion-proof lighting, submersible cables, mine pumps and starters

Brands: Siemens, Schneider Electric, ABB, Allen-Bradley, Cummins, WEG, CAT, Komatsu Electricals

Mechanical & Mobile Equipment Parts

- Hydraulic pumps, hammers, gearboxes, undercarriage assemblies.
- Filters (fuel, air, hydraulic), brake & transmission systems.
- Conveyor belts, rollers, gear motors, bearings, lubrication systems.

Brands: Caterpillar, Komatsu, SANY, Volvo, Liebherr, Donaldson, SKF, Gates, Goodyear, Rexnord

Mining & Processing Chemicals

- Explosive raw materials & blasting accessories.
- Quicklime (CaO), Hydrated Lime, Soda Ash, Flocculants & Coagulants.
- Reagents for gold flotation & mineral separation.

Brands & Partners: Orica, Sasol, Tata Chemicals, Sasol Wax, Neelkanth Chemicals, BASF extracts & polymers

Why Clients Choose AMSL Procurement

- OEM-Certified Products Only
- Competitive Pricing through Strategic Global Sourcing
- Just-In-Time (JIT) Delivery for Operational Continuity
- Technical Material Evaluation for Performance & Safety
- Warranty & After-Sales Support Coordination

Our procurement division supports both large-scale mining operations and mid-tier projects, ensuring uninterrupted uptime and optimal asset performance.

Health, Safety & Environment (HSE) Leadership

Commitment To Zero Harm

Health, Safety & Environment (HSE) form the foundation of all operational decisions at Akshar Mining Services Limited. We promote a proactive risk-prevention culture across our entire workforce, contractors, and subcontractors, ensuring a safe, compliant, and sustainable working environment at all times.

HSE Facts & Achievements

Key Safety Milestones	Performance
Zero Loss-Time Injury (LTI)	10,000+ Hours of Safe Operations
HSE Awards & Recognitions	15+ Industry Acknowledgments
Training & Certification	OSHA & IOSH Trained Workforce
International Standards	ISO-Certified Occupational Safety Management System
Compliance since Inception	100% Statutory & Regulatory Adherence
Environmental Monitoring	Annual Audits, Low-Impact Operations

Industry-Standard Safety Practices

- Mandatory PPE compliance and monthly PPE audit cycles
- Lockout/Tagout (LOTO) procedural controls
- Job Hazard Analysis (JHA) and Risk Assessment protocols
- Certified emergency response teams & rescue training
- Contractor HSE screening and onboarding assessments
- Fire & first-aid drills conducted quarterly
- Waste management and dust suppression programs for minimal environmental impact

Culture of Continuous Improvement

We continuously invest in technology, training, reporting systems, and audit mechanisms to maintain a zero-harm workplace. Our HSE management culture emphasizes accountability, empowerment, and real-time hazard reporting to prevent incidents before they occur.

AMSL operates with the belief that every task must be performed safely or not at all.

Equipment Fleet

At AMSL, our fleet is designed to deliver reliability, productivity, and versatility across a wide range of mining and quarrying operations. Each machine is maintained to international standards, supported by OEM-trained technicians, and equipped with advanced monitoring systems for maximum uptime.

Komatsu Equipment

KOMATSU PC850 HYDRAULIC EXCAVATOR

Operating Weight: ~80–85 Tons

Bucket Capacity: 4.5–5.5 m³

IDEAL FOR LARGE-SCALE LOAD & HAUL OPERATIONS WHEN PAIRED WITH HM400 TRUCKS.

HEAVY-DUTY EXCAVATOR SUITABLE FOR BULK EARTHMOVING, OVERBURDEN REMOVAL, AND HIGH-CAPACITY MINING OPERATIONS.

KOMATSU PC500 HYDRAULIC EXCAVATOR

Operating Weight: ~50 Tons

Bucket Capacity: 2.0–3.5 m³

EFFECTIVE FOR BOTH OVERBURDEN REMOVAL AND ORE LOADING.

MID-SIZE PRODUCTION EXCAVATOR FOR VERSATILE APPLICATIONS IN MINING AND QUARRYING.

KOMATSU HM400 ARTICULATED DUMP TRUCK

Rated Payload: ~40 Tons

Heaped Capacity: 24 m³

RELIABLE ADT DESIGNED FOR HAULING IN CHALLENGING TERRAINS.

EQUIPPED WITH KOMTRAX FOR REAL-TIME MONITORING OF FUEL CONSUMPTION AND PRODUCTIVITY.

KOMATSU D65EX BULLDOZER

Operating Weight: ~20 tons

Blade Capacity: 3.5–4.0 m³

MEDIUM-SIZED DOZER IDEAL FOR RIPPING, PUSHING, AND SITE PREPARATION.

WIDELY USED FOR STOCKPILE MANAGEMENT AND ROAD CONSTRUCTION.

KOMATSU GD555 MOTOR GRADER

Blade Length: 3.7 m

Engine Power: ~150 HP

VERSATILE GRADER USED FOR HAUL ROAD CONSTRUCTION AND MAINTENANCE.

ENSURES SMOOTH HAULAGE ROADS FOR OPTIMAL FLEET CYCLE TIMES.

TATA HITACHI EQUIPMENT

Tata Hitachi Zaxis 470 Excavator

Bucket Capacity: 2.1–2.5 m³

ROBUST 47-TON CLASS EXCAVATOR WITH HIGH BREAKOUT FORCE.

SUITABLE FOR MEDIUM TO LARGE-SCALE MINING AND QUARRYING OPERATIONS.

TATA HITACHI ZAXIS 370 EXCAVATOR

Bucket Capacity: 1.8–2.1 m³

37-TON EXCAVATOR DELIVERING EFFICIENCY IN EARTHMOVING AND ROCK HANDLING.

IDEAL FOR BENCH DEVELOPMENT & SECONDARY EXCAVATION.

TATA HITACHI LCH 350 EXCAVATOR

Bucket Capacity: 2.1–2.5 m³

35-TON EXCAVATOR WIDELY DEPLOYED FOR LIMESTONE AND AGGREGATE QUARRYING.

KNOWN FOR FUEL EFFICIENCY AND RELIABILITY IN CONTINUOUS OPERATIONS.

JCB EQUIPMENT

JCB 4CX BACKHOE LOADER

**HIGHLY VERSATILE MACHINE
CAPABLE OF EXCAVATION,
LOADING, AND SITE PREP.**

**EQUIPPED WITH BOTH FRONT LOADER AND
REAR BACKHOE FOR MULTIPURPOSE USE.**

JCB 455ZX WHEEL LOADER

**HIGH-CAPACITY WHEEL LOADER
IDEAL FOR STOCKPILE LOADING,
MATERIAL HANDLING, AND
FEEDING CRUSHERS.**

BUCKET CAPACITY: 3.0–3.5 M³

SEM EQUIPMENT (CATERPILLAR BRAND)

SEM 660D WHEEL LOADER

**HEAVY-DUTY LOADER
DESIGNED FOR HIGH
PRODUCTION
ENVIRONMENTS.**

Operating Weight: ~20 tons

Bucket Capacity: 3.5–4.0 m³

**DURABLE MACHINE SUITED FOR AGGREGATE HANDLING
AND STOCKYARD MANAGEMENT.**

CATERPILLAR EQUIPMENT

CAT D6GC BULLDOZER

**VERSATILE
MEDIUM-DOZER
WITH STRONG
PUSHING POWER.**

Operating Weight: ~18–20 tons

USED FOR RIPPING, DOZING, & SITE DEVELOPMENT.

CAT 140K MOTOR GRADER

**ADVANCED MOTOR
GRADER FOR
PRECISION
ROAD LEVELING.**

Engine Power: ~200 HP

Blade Length: 3.7 m

**ENSURES HAUL ROAD SMOOTHNESS AND FUEL EFFICIENCY
OF HAULAGE TRUCKS.**

CAT 140G MOTOR GRADER

**CLASSIC, DURABLE GRADER
WELL-SUITED FOR
MAINTAINING HAUL
ROADS IN MINING
ENVIRONMENTS.**

CAT FORKLIFTS (DP30 SERIES)

**3-TON DIESEL FORKLIFTS
DESIGNED FOR
WORKSHOP
AND WAREHOUSE
MATERIAL HANDLING.**

SANY EQUIPMENT

SANY STC50 Truck Crane

**50-TON LIFTING
CAPACITY
TRUCK CRANE.**

**DEAL FOR HEAVY LIFTING OF MINING COMPONENTS, ASSEMBLY OF EQUIPMENT
& ON-SITE MAINTENANCE.**

SANY STC30 TRUCK CRANE

**30-TON
TRUCK
MOUNTED
CRANE.**

**COMPACT AND VERSATILE FOR SMALLER LIFTING
OPERATIONS AND WORKSHOP DUTIES.**

Fleet Philosophy

Our equipment mix ensures we can support projects across gold mining, quarrying, aggregates, and infrastructure development. The combination of large-capacity excavators, high-performance dump trucks, and supporting machinery means AMSL can rapidly mobilize and sustain long-term mining projects with high efficiency.

EACH MACHINE IS BACKED BY:

Preventive And Predictive Maintenance Programs

Genuine OEM Spares Supply

Skilled In-house Technicians And OEM-certified Engineers

Fleet Monitoring Systems For Real-time Performance Tracking

HEALTH, SAFETY & ENVIRONMENT (HSE)

- Fully OSHA-compliant with certification license
- Zero Harm policy: protecting people, equipment, and environment
- Daily toolbox talks, site safety inspections, and emergency drills
- Dust suppression systems and waste management controls
- Progressive rehabilitation of mined-out areas
- Community engagement and training of local workforce

WHY CHOOSE AMSL

- Strong track record in contract mining and quarrying
- Modern, diversified fleet with proven productivity
- OSHA certified & compliant operations
- High equipment availability with predictive maintenance
- Client-focused solutions tailored to project requirements
- Commitment to sustainability and community development
